

## RobP Lamp

Posted on January 25, 2012 by mya

**RobP Lamp** is a *wall lamp* presented by **5LAB**.

"Low cost interpretation of a fluorescent strip by using a base of *pine wood* and a fluo methacrylate screen. Available as: desktop, *micro steel cables* suspended or supported to wall. It is proposed in an easy to assemble kit and with the option to customize colours and position." [5lab.es]
